**Subject:** Njos Property, Domestic well results

As requested, I have attached the sampling results and letter that we presented to Larry Njos and his son Kevin Njos. The results include two sampling events that were conducted in January.

We recently re-sampled both wells on March 20. The preliminary results have come in, but have not been reviewed, validated or provided to the Njos'. We should have that completed by early next week.

Please let me know if you need anything else.
